1 To do list!

Here's a checklist of what I should do today.

- First email my advisor and get something to do today
- Fix .fun to add some stuff to it
- Read ver Hoef (2002)
- Maybe go for a run iff there's no people outside

Here's some useful **vimtex** objects to know:

1. Text objects
2. ic ac Commands
3. id ad Delimiters
4. ie ae L^AT_EX environments
5. i\$ a\$ Inline math structures
6. iP aP Sections

Hello here is some more text.

I like typing using my new L^AT_EX setup.

2 New Section

Here is a new section.

3 New Section

Here is another new section. The next section 4 will talk about my favorite text editor **vim**!

4 Third Section

I just left my vim session and came back. Let's make some more edits!
